7. (Currently Amended) A method comprising:  
receiving broadcast content;  
extracting control information ~~from~~ embedded in the received broadcast content, said  
extracted control information defining an action to be taken pertaining to ~~said~~ the received  
broadcast content;  
controlling use of the received broadcast content in accordance with the extracted control  
information.
8. (Original) The method of claim 7, wherein the extracted control information  
comprises an authorization to store the received broadcast content.
9. (Original) The method of claim 7, wherein the extracted control information  
indicates a number of times that the received broadcast content may be consumed.
10. (Original) The method of claim 7, wherein the extracted control information  
indicates a length of time that the received broadcast content may be consumed.
11. (Original) The method of claim 7, wherein the extracted control information  
indicates a time period during which the received broadcast content may be consumed.
12. (Original) The method of claim 11, wherein the time period comprises a date  
range.
13. (Original) The method of claim 7, wherein the extracted control information  
comprises billing information.
